	Close to golf courses:	Yes		Wi-Fi:	Yes

This is a new residential project consisting of a total of 46 dwellings of 2 and 3 bedrooms will be built in the attractive Mijas Costa neighbourhood, El Chaparral.

The municipality of Mijas, is currently one of the residential areas with the highest number of sales in the Iberian Peninsula. A destination that is on the agenda for investment in urban development due to its quality of life, good climate and leisure facilities.

The area of Mijas Costa is characterised by the fusion between nature and the beach. With a high demand for housing, this area offers a wide variety of leisure and service opportunities just a few minutes away, such as restaurants, shopping centres, supermarkets and health care centres. Besides, the development is situated in close proximity to tourist attractions such as Puerto Banús, the historic area of Marbella and Fuengirola, which attracts numerous visitors from all over the world. The location is enhanced by several golf courses, such as the Chaparral Golf Club, where you can play sport and enjoy the good weather.

This gated development features various types of dwellings, ranging from penthouses with spacious roof terraces to ground floor apartments with wide gardens. The development is adapted to the needs of the residents, with its modern and functional design, top quality and avant-garde equipment. Within communal areas residents will have the opportunity to enjoy a wide range of leisure activities, such as swimming pool, garden areas and chill out zone.

The property is also connected to the Costa del Sol A-7 motorway, from where you can reach Malaga International Airport in less than 25 minutes and the Maria Zambrano train station in 40 minutes.

All the properties come with a parking space and a storage room.

- Prices for 2-bedroom range from 381.000 € up to 437.700 €
- Prices for 3-bedroom range from 418.000 € up to 550.100 €

The delivery of the development is scheduled for the 4th quarter of 2026.

Do not hesitate to contact us to find out more about this interesting project!
