This modern project of two and three bedroom apartments has a favorable location, just a few minutes walking distance from the beach and about 7 minutes driving distance from the picturesque center of Estepona.

The modern three-story buildings are located in a gated community, which guarantees privacy and security. Natural surroundings and an elevated position on the plot will provide the apartments an incredible view. Spacious and functionally designed interiors, fully equipped kitchens and bathrooms will complement the feeling of comfort.

The south orientation will provide the apartments with a lot of natural light, and from the spacious terraces you will enjoy the endless, panoramic view of the vegetation and the beaches of the Mediterranean Sea.

In the common areas of the urbanization, residents will enjoy the green gardens, an outdoor swimming pool, a gym and a social club.

Each apartment will be equipped with an underground parking space and a storage room.

The project's convenient location guarantees easy and quick access to all nearby services, local beaches and golf courses.

Due to the early stage of sale, buying an apartment right now is a great investment opportunity!
